What is FMR™?

FMR™ (Forged Monoblok Rim) is HRE's proprietary one-piece aluminum forged barrel technology. Made with the same process and from the same material as our one-piece wheel forgings, 6061-T6 forged aluminum, it is mated to a forged wheel center creating the finest 2-piece forged wheel on the market today. The HRE FMR™ barrel offers greater stiffness, reduced mass, higher concentricity and eliminates the air seal required of traditional three-piece wheels.

AVAILABLE FINISHES *All colors have a natural variation

STANDARD

Textured / Satin	Gloss
	
Textured Black	Gloss Black
	
Satin Black	Gloss White
	
Satin Charcoal	Gloss Charcoal
